- Product description: hand treatment, cleaner, industrial
- Product use: for washing hands with incidental contact in food areas

"Passed AsureQuality assessment for food/beverage/dairy farm & factory for hands in food areas with incidental food contact" H3846 with conditions. This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See <http://assessedproducts.asurequality.com>. This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions:

- Used per instructions, legislation & GMP for hands in food areas with incidental food contact. Usage and carry-over to food should be minimised to ensure food function or composition are not affected, that residues are within limits and that food legislation requirements are met.
- The assessment is subject to notification of change and expires on 22/06/2027.
- The full report is attached for supplier review and verification. The assessment is activated by countersigning & inclusion of assessment precautions / assessment statement / MPI dairy precautions statement & this does not allow use of the word approval or of the AsureQuality logo.
