Dear Mike,

APPROVAL OF DAIRY MAINTENANCE COMPOUND FOR USE IN DAIRY PROCESSING

The new product **Revive** has been considered in conjunction with the type of validation information provided and determined to satisfy the requirements of regulations 12, 13, 14, 53 and 247 of the Animal Products Regulations 2021 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

This approval of the compound is subject to the following conditions:

1. To be used in accordance with label instructions
2. Surfaces must be thoroughly rinsed with suitable water before processing
3. Residues must be within applicable Maximum Residue Limits and that food legislation requirements are met.

Where this **approval** is stated on the product label, the statement “MPI approved for use in dairy processing” is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this approval.

Review

This approval is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this approval applies. You will be issued a letter prior to the review date, which is set at **29 May 2028**, but you are responsible for ensuring that this review is completed if you wish to retain MPI approval of the above dairy maintenance compound.

Yours faithfully

Maree Zinzley
